DIRECTIONS FOR USE:

SPRAY APPLICATION:

When treating air filters, remove filter from unit before treatment.

For all surfaces:

Test a small inconspicuous area first for color-fastness and surface compatibility. Clean surface prior to application. Shake well. Using a trigger pump sprayer, apply to the surface from 4–6 inches away, ensuring complete surface coverage.

Allow treated surfaces to dry completely. If spotting occurs, wipe with a damp cloth or sponge. Reapply as necessary.

PPE: Recommend latex or rubber gloves and protective eye wear.

FIRST AID TREATMENT: Avoid skin or eye contact. If eye contact occurs, rinse thoroughly with water for 15 minutes. If irritation persists, seek medical attention. Do not ingest. May cause gastrointestinal irritation with nausea and diarrhea.

LIMITATION OF LIABILITY: My Cleaning Products LLC. makes no warranties or merchantability, or of fitness for a particular purpose, nor any other express or implied warranty except as stated above. Buyer assumes all responsibility for safety and use not in accordance with the label and precautionary statements.
